models

standard features

Special version of the SM machine designed to wrap chocolate pralines in Bunch style with a sticker on product bottom. The sticker shape may feature the product, making it unique and attractive. The machine can be equipped with an automatic aligner or a pick & place system to optimize product feeding.

- Suitable for all kinds of processed pralines
- Format CHANGE OVER TIME: less than 45 minutes
- Special unit applying a sticker on product bottom
- HMI by color graphic Touch Screen
- Possible upgrade with extra wrapping style modules to be evaluated case by case
- Servo-driven paper feeding system / No Product - No Paper device
- Hot glue dispenser
- Pneumatic reel holder device
- On-board electrical cabinet
- Gentle and positive handling of product and wrapping material
- Product always under operator control both during feeding and wrapping sequences
- Good accessibility, easy cleaning, maintenance and size change-over operations

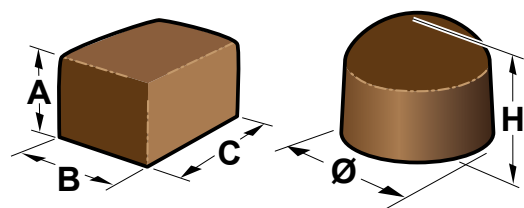

optionals

- Automatic splicer for outer & /or inner wrapping material
- Spliced product reject device
