

## WRAPPING

### SM STRIP

wrapping machine for  
chocolate pralines in strip style

#### SM STRIP

speed up to 250 ppm

models

standard features

Special version of the SM machine designed to wrap chocolate pralines in Reverse Bunch style with a label closing the neck of the tuft.  
The machine can be equipped with an automatic aligner or a vibrating hopper to optimize product feeding.

- Suitable for all kinds of processed pralines
- Format CHANGE OVER TIME: less than 45 minutes
- Patented unit applying labels on the tuft neck
- HMI by color graphic Touch Screen
- Possible upgrade with extra wrapping style modules to be evaluated case by case
- Servo-driven paper feeding system
- No Product - No Paper device
- Pneumatic reel holder device
- On-board electrical cabinet
- Gentle and positive handling of product and wrapping material
- Product always under operator control both during feeding and wrapping sequences
- Good accessibility, easy cleaning, maintenance and size change-over operations

optionals

- Automatic splicer for outer & /or inner wrapping material
- Spliced product reject device
