speed up to 800 ppm

models

standard features

MULTISTYLE high speed wrapping machine for round shaped pralines (small eggs and balls) in double twist and fancy rolled wrapping style with single or double wrapping materials. The machine is equipped with a vibrating hopper and disk to optimize product feeding.

- MULTISTYLE concept thanks to machine MODULARITY
- Suitable for all kind of processed pralines ENROBED, MOULDED, etc.
- Style and/or format CHANGE OVER TIME: less than 45 minutes
- HMI by color graphic Touch Screen
- Possible upgrade with extra wrapping style modules at customer site
- Rolling unit for fancy style
- Servo-driven Paper feeding / No Product - No Paper system
- Gently and positively handling of product and wrapping material
- Product always under operator control during both the feeding and the wrapping sequence
- Good accessibility, easy cleaning, maintenance and size change-over operations

optionals

- Automatic splicer for outer & /or inner wrapping material
- Spliced product reject device
- Cold seal for "Protected Double Twist"
